

## **BOHO at the 2024 Ladies Luncheon**

Hey, desert darlings. Let's spice up our luncheon with a twist of elegance and a whole lot of **BOHEMIAN FLAIR!** Imagine blending sophistication with our carefree vibe – talk about a recipe for fabulousness!

First up, let's talk linen suits. Picture this: you in a perfectly tailored linen blazer paired with matching trousers or a flowy skirt, all in earthy tones that scream desert chic. Layer on a light blouse or cami for that effortless, I-woke-up-like-this vibe.

Now, Let's dive into kimonos – the ultimate **BOHO** luxury! Wrap yourself in a silk or chiffon masterpiece, adorned with desert-inspired patterns. Throw it over trousers or a maxi dress and watch heads turn as you sashay in with that **BOHO** Glam.

And who can resist a Maxi Skirt? Choose one with delicate embroidery or floral prints, channeling those desert blooms. Paired with a cute top or breezy blouse, it's a look that's as romantic as a desert sunset.

Of course, we can't forget flowery dresses – our **BOHO** BFFs! Opt for one with lace or crochet details, echoing the ethereal beauty of desert landscapes. Sandy beige or terracotta hues will have you feeling like a Desert Goddess in no time.

Now, let's talk bling! Layer on those necklaces, rock those oversized hoops, and stack those bracelets high. Turquoise or natural stones add a pop of glamour while keeping it oh-so-**BOHO**.

And last but not least, shoes! Whether it's sparkly sandals or neutral-toned heels, let's pick ones that scream style without sacrificing comfort. After all, we've got a desert to conquer!

So, Ladies, today isn't just about lunch – it's about expressing our wild, adventurous souls through fashion! Let's rock those **BOHO** Vibes, embrace our individuality, and make every outfit choice a desert dream come true. Are you ready to slay, **DESERT QUEENS?** Let's do this!
